

REMARKS

The above amendment is provisionally requested to the extent the Patent Office maintains that Fig. 1 is inconsistent with its description in the specification. Briefly, the amendment adds a "Brief Description of the Drawings to the Specification". Support for that description is found in Example E, page 18, lines 11-18.

In the event the Patent Office maintains that there is an inconsistency, Applicants respectfully submit the amendment requested above removes any inconsistency and request that the above-identified patent application proceed to grant.

Respectfully submitted,

Charles A. Cross  
Attorney for Applicant
